2-17-17

Ultra Gro's most popular product. Plant Ready! Versatile! 100% availability of P & K.

Contains High Quality Ingredients:

- Nitrogen from aqua ammonia and white prilled lo-biuret urea.
- Phosphorous from furnace-grade white phosphoric acid.
- Potassium from liquid potassium hydroxide.

Ultra Gro 2-17-17 Plus:

- Is a true solution, not just particles suspended in a liquid, like many other liquid fertilizers.
- Is high in Phosphate, for the manufacturing of sugars.
- Is high in Potassium, for the transport of sugars.
- Will increase the brix and solids in fruit prior to harvest.
- Has a lower salt index than most commercial fertilizers
- Contains a small amount of humic acid.
- An excellent foliar feed for your plants.
- A liquid concentrate that requires less handling
- Very safe and easy to apply

Useful on all crops grown on various types of soil under any climate conditions.

ULTRA GRO 2-17-17 PLUS WILL GIVE YOU INCREASED YIELDS, INCREASED QUALITY, AND INCREASE YOUR PROFITS.
